INDEX TO PRINCIPAL CONTENTS OF VOLUME 159

Austrian C-dyeing Carpet Operation 153
Automatic Scanning in Weft-straightening ... 309
Carpet Jet Impregnation ... 19
ColorVac High-vacuum Transfer Print Units ... 250
Colour Equation ... 546
Colour Measuring and Matching Systems in Textile Printing ... 415
Colour Vision Requirements in the Dyeing and Textile Industries ... 253
Colour 77 — International Meeting in New York ... 29, 150, 454, 560
Colouring New Generation Synthetic Fibres ... 554
Compatibility of Disperse Dyes in Batchwise Dyeing of Polyester Fibres 209
Continuous Rope Bleaching and Pretreatment Unit ... 292
Cost Savings in the Dyehouse ... 258
Developments in the IWS Pad-store Dyeing of Wool Sliver ... 349
Dispensing Liquids ... 524
Dry Under Canvas ... 252
Dyestuffs, New ... 36, 160, 271, 417, 444, 502, 553

Dyer's Library

Dyes and their Intermediates. E. N. Abrahart ... 31
Planning: Guides to ... 493
Water Treatment for Industrial Boilers (BS2486) ... 565
Economic Principle of Dyeworks Recycling System ... 517
Economics of Activated Carbon Water Treatment ... 518
Effluent from Textile Processing ... 555
Electronic Reproduction for Textile Printing ... 361
Environmental Control Display ... 514
Fifty Years of Phthalocyanines ... 24
Flame-proofing of Cellulose Textiles and End-use Requirements ... 114
Flame-retardant Finished Fabrics ... 18
Four Phases of Synthetic Fibres 112
Future of Natural Fibres ... 21, 65, 120
Genius of Carl Graebe ... 402
Guild of Technical Dyers, Annual Dinner ... 550
Influence of the Weaver on the Dyer and Finisher ... 64
Infra-red Temperature Measurement ir Textile Operations ... 315
Instrumental Colour Matching in Practice ... 305
Instrumental Match Correction of Nylon Hose using Tristimulus Colorimeters 299
Kiefer Drum Dryers — a New Approach to Shrinkage, Heat-setting and Drying 294
Knitwear Finishing Machinery Reviewed 109
Leeds Dyeing Research — Report to Industry ... 503
Low Liquor Ratio Jet Dyeing in the Aqualuft ... 109
Management Notes ... 211, 365
Materials Handling in Dyeing and Finishing ... 165
Mini-computer in Dyeworks Management ... 302
Open-width Post-treatment of Print Styles ... 226
Preparation of Rotary Screens for Optimum Printing Results ... 413
Rapid Dyeing ... 400
Reclamation Industries, World Progress 546
Reminiscences of a Humble (Job) Dyer 118
Reverse Osmosis ... 513
Rotary Screen Cleaning ... 504
SDC Annual Dinner ... 496
SDC Annual Report ... 498
Saving Water in the Dyehouse by Recycling and Plant Design ... 251
Single-stage Process for Continuous Dyeing of Polyester/Cotton ... 160
Short-time Continuous Dyeing of Polyester/Cellulose ... 210
Solvent Recovery Costs, New Carbon Reduces ... 570
Tailor-made Dyehouse Checkweighing System ... 312
Textile Auxiliaries ... 36, 250, 397
Textile Storage and Wrapping Techniques ... 173
Thickeners in Wet Printing, use of Synthetic ... 60
Transfer Printing of Carpets ... 19
Vacuum Transfer Printers, Selection of Dyestuffs for ... 83
Water Pollution Control — Why, How and What Next? ... 506

Machinery and Equipment

Atlas Fadeometer, New ... 373
Atmospheric Short Liquor Ratio Machine ... 158
Automatic Cutting Range ... 574
Batcher, Continuous Shear Cut ... 470
Battery-powered pH Meters ... 419
Boiler-tube Cleaning ... 229
Catalytic Infra-red Panels ... 228
Continuous Filtration of Textile Waste Particles ... 517
Disposable Respirators ... 372
Dosing Funnels ... 420
Drum Handling Attachments ... 469
Drying Machines, Recent Developments in ... 80
Dye Cycle Controller ... 576
Dyeing Fabrics in Rope Form with a Low Liquor Ratio ... 129
Energy Recovery Systems ... 79
Flash Steam Boiler ... 419
Flowmatic Jet Dyeing Machine ... 574
Fluid Control Valve ... 469
Industrial Effluent, Processing ... 273
Heat Exchanger Leak Detector ... 323
Kombi Steamer Box, Fabric Pretreatment in ... 463
Large-Capacity Jet-overflow Dyeing Machine ... 228

Lemaire Transfer Printing Ribbon Machine 231
Loose Fibre Press Packing Machine 572
Materials Handling 165-183
Mercerisation of Knitted Fabrics, Economical 37
Mercerising of Tubular-knitted Fabrics 131
PR80 — a New Version of the Famatex Stenter 77
Printing Machines, Flat and Rotary Screen 446
Pumps, Corrosion-resistant Process 128, 576
Pumps, Drum Transfer 130
Radio-frequency Package Drying ... 227
Radio-frequency Sample Drying Unit 567
Refurbished Rollers Resistant to Acid 370
Rope Bleaching and Washing Unit, Continuous 524
Screen Separator, Vibrating ... 40
Soft Package Dyeing Sleeves ... 128
Solvent-recovery Plant 272
Spooner Dryer Features Heat Recovery Unit 127
Steam and Water Hose Station 418
Stenter Features Environmental and Energy Controls 514
Storing and Moving Bobbins ... 421
Vacuum Regulator, Laboratory ... 373
Water and Heat Economiser ... 230

Patents, New

Ammonia in Wool Treatment (1,500,195) 403
Autoclave for Yarn Processing (1,493,682) 34
Continuous Dyeing and Printing of Tufted Carpets (1,509,004) ... 568
Continuous Dyeing with Reactive Dyes (1,494,446) 74
Continuous Rope Washing (1,508,521) 501
Continuous Washing and Drying Machine (1,492,233) 32
Dyeing Acrylic Tow (1,498,069) 298
Dyeing Denims (1,496,810) ... 215
Fabric Yield Control on Stenters (1,499,482) 268
Fibre Packages (1,495,578) ... 270
Fixation in Foam (1,493,683) ... 33
Fabric Shrinking (1,502,976) ... 404
Low-liquor Dyeing (1,498,114) ... 403
"Mercerising" Knitted Fabric (1,498,896) 375
Nozzle Dyeing (1,502,005) 568
Patterned Carpet Yarn Production (1,501,645) 405
Printing with Sublimable Dye Powders (1,494,631) 126
Production of Space-dyed Effects (1,499,001) 214
Radio-frequency Fixation of Dyes and Chemicals (1,497,160) 156
Soil-release Polyesters (1,500,455) 407
Spray Dyeing of Yarn (1,508,696) 452
Twill Fabrics and Denim Jeans (1,498,709) 296
Uniform Winding of Textiles for Dyeing (1,491,731) 73
Washing Process (1,493,972) ... 125
Water — Solvent Finishing (1,496,000) 157
